## SKILLS

- - C++
- - Data Structures
- - Algorithms
- - Competitive Programming

## EDUCATION

B.Tech in Computer Science | BITS Pilani | CGPA: 9.2 (2020-2024)

## EXPERIENCE

Competitive Programmer | CodeChef (2021-Present)

- Achieved 6-star rating on CodeChef.
- Ranked in top 1% globally in coding contests.
- Solved 1000+ problems on various platforms.

## ACADEMIC PROJECTS

### Algorithm Visualizer

Created a tool to visualize sorting algorithms.

- Built using C++ and SFML.
- Helped students understand DSA concepts better.

### Graph Path Finder

Developed a shortest path algorithm simulator.

- Implemented Dijkstra's and A\* algorithm.
- Used in college workshops for demonstrations.

## POSITION OF RESPONSIBILITY

Mentor | Competitive Programming Club (2022-Present)

- Trained juniors in advanced DSA concepts.
- Organized coding bootcamps and live contests.
- Created problem sets for inter-college competitions.

## ACHIEVEMENTS / HOBBIES

Top 50 in Google Kickstart 2023
