SKILLS

- - Python
- - JavaScript
- - C
- - Django
- - React

EDUCATION

B.Tech in AI & ML | PES University | CGPA: 8.7 (2020-2024)

EXPERIENCE

AI Intern | Google Research (Jan 2023 - April 2023)
- Worked on image recognition models with OpenCV.
- Optimized deep learning models for efficiency.
- Assisted in deploying models on cloud services.

ACADEMIC PROJECTS

Chatbot for Healthcare

Developed an AI chatbot for patient support.
- Used NLP for symptom analysis.
- Reduced response time by 40%.

Face Recognition System

Implemented an automated attendance system.
- Used OpenCV and deep learning for accuracy.
- Deployed on a Raspberry Pi for real-time use.

POSITION OF RESPONSIBILITY

Tech Lead | AI Club, PES University (2023-Present)
- Led an AI research team for academic projects.
- Organized AI hackathons and coding bootcamps.
- Partnered with companies for mentorship sessions.

ACHIEVEMENTS / HOBBIES

Top 5 finalist in Google AI Challenge 2023
